

WHITTLEY

VOYAGER 5.7

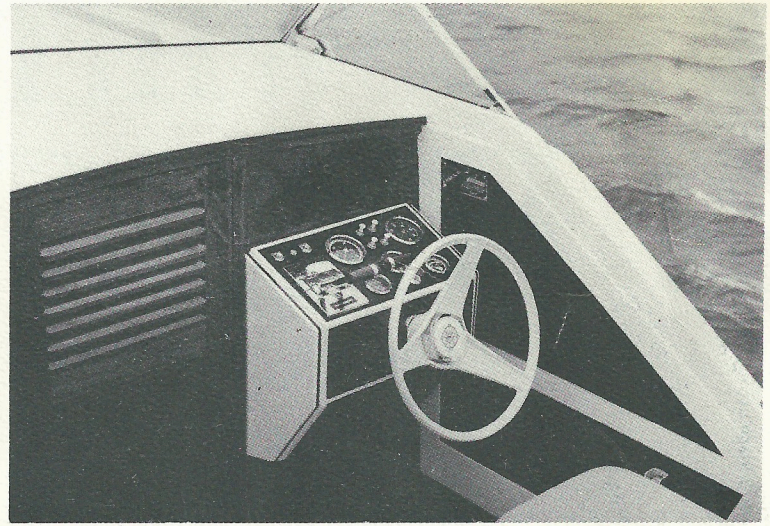

LUXURY FIBREGLASS CRUISER

- overall length 5.7 metres (18'-6")
- beam 2.23 metres (7'-4")
- modern V hull providing maximum stability and comfort in open waters
- inboard, outboard, or stern drive
- anodised aluminium windows with armourplate glass
- teak side panels, bulkhead and grabrails
- 38 mph plus, powered by a Mercruiser 140 with stern drive

Cabin interior is fully lined with carpet and has a recessed vinyl ceiling. There is adequate sound-proofing insulation under the ceiling and on the decks. Comfortable cushions covered in vinyl are in the two berth cabin. Two cupboards provide storage and ample shelf space.

Cockpit dimensions are 2.28m (7'-6") by 1.52m (5') and features a fibreglass console with satin black instrument panel. Side storage pockets are provided and rear seats each side of the outboard well. There is a lock-up louvre door to the cabin.

Voyager's low sleek lines combine the advantages of a ski-runabout with the comfort of a high performance luxury cabin cruiser.
